*Customers inside EU:

New EU regulation: we will add Your shipping costs to the base price plus Your own country's VAT to this subtotal (e.g. 19% for Germany). Within the EU there are no custom duties to pay. Just like shopping at home.

Neue EU Regelung: Basispreis + Versandkosten, auf diese Summe wird dann die Umsatzsteuer Ihres Heimatlandes aufgeschlagen. Genauso wie bei einem Inlandskauf.

*Customers outside EU:

Your own country's local taxes (e.g. VAT), custom duties and other charges (e.g. eco tax for packaging) are not included in the amount invoiced. They will be collected from You by the comissioned shipping company or You will have to pay them in the custom's office if You pick up the item personally.
